**Subject: Support for the promotion of the "Olympic Anthem" as World Cultural Heritage by UNESCO**

Dear Dr. Mallias,

Just as the Olympic Games connect us with the great ideas, history and achievements of Greek civilization, the "Olympic Anthem", written by our national poet Kostis Palamas, is a powerful symbol of the Olympic values and of the unity of the world's peoples, as it is depicted in the last verse:

*"... To which **all nations** throng to worship thee, Oh ancient immortal spirit!"*

The Olympic idea, of which Greece always remains the sacred guardian, is not simply a beautiful sport ideology. It presents one of the most noble aspects of world cultural tradition, as it springs from the deeper meaning of Greek classical culture that incarnated, for all civilized people, peaceful co-existence, regardless of nationality, race or religion, the most beautiful and eternal values of life.

The Olympic idea, an outstanding legacy of Greek civilization, was born in the serene and ancient place of Greece, nearly 3000 years ago. From here, it has gone around the world to become a link between people and nations and, despite the pressures and pace of our life, the Olympic values of universality, respect for others, human excellence and fair play live on. This is Greece's priceless contribution to the international community.

In our troubled and restless days, the spirit of the Olympic games must remain unchanged.

Those of us who serve the Olympic idea, must work to make the Olympic Games again a festival and a property of the nations of the world, a unique opportunity to promote understanding, friendship and peace, just as the festival of the ancient Greeks at Olympia.

May we all benefit from being together, overcoming every political and racial intention within the fields of noble competition, striving for something that is morally and spiritually loftier and purer, learning from each other, from the past, for the future and make this an Olympic world.

**Θέμα: Υποστήριξη για την ανάδειξη του «Ολυμπιακού Ύμνου» ως Λέξης Πολιτιστικής Κληρονομιάς από την UNESCO**

Αγαπητέ Δρ Μαλλιά,

Η τόλμη το αισθητικό Κάλλος και η συναίσθηση χρέους προς τον Άθλο και την Αριστεία στα πλαίσια της «Ευγενούς Αμιλλας» και του «Ευ Αγωνίζεσθαι» είναι βασικά συστατικά της μακραίωνης Ιστορίας του Ελληνισμού από τα χρόνια του Ομήρου, και για πρώτη φορά στην ιστορία της Ανθρωπότητας τιμήθηκε και καλλιεργήθηκε η αξία του Αθλητισμού και της «Αριστείας» μέσα από τα Έπη του με το «Αιέν Αριστεύειν και υπέρροχον έμμενε άλλων»

Ο Ολυμπιακός ύμνος είναι το ιερό δώρο που χάρισε ο ποιητής Παλαμάς στην Ανθρωπότητα, μια ανεκτίμητη κληρονομιά, για να αναδείξει τις Αρετές αυτές ώστε να γίνουν "βίωμα" και για τους σύγχρονους Ολυμπιακούς Αγώνες.

Επιθυμώ να συγχαρώ τον Σύλλογο Καλών Τεχνών «Κωστής Παλαμάς» καθώς και όλους τους Πανελληνίους και Διεθνείς Πολιτιστικούς και Αθλητικούς φορείς για την συγκινητική τους προσπάθεια να στηρίξουν την ανάδειξη από την UNESCO του Διαχρονικού και Πανανθρώπινου Συμβόλου του Ολυμπισμού τον Ολυμπιακό Ύμνο του Κωστή Παλαμά ως Παγκόσμια Πολιτιστική Κληρονομιά, πράξη που οφείλει ο Πολιτισμός της Ανθρωπότητας για την καλλιέργεια και διαμόρφωση των «καλών κ' αγαθών» πολιτών του Πλάτωνα.

Αυτή η εξαιρετική και σημαντική ευγενής πράξη, θα πρέπει να υποστηριχθεί σθεναρά από τους απανταχού στην Υφήλιο Έλληνες και λάτρεις του Ολυμπισμού, των Τεχνών και του Πνεύματος, ώστε να αποτελέσει μια ηθική ασπίδα αντίστασης ενάντια στην εμπορευματοποίηση των σύγχρονων Ολυμπιακών Αγώνων και να υμνούνται μέσα από τους στίχους του τα Ολυμπιακά ιδεώδη για Ειρήνη-Δημοκρατία-Ελευθερία-Ισότητα και Αδελφσύνη για όλους τους λαούς της Γής επ' ωφελεία της Ανθρωπότητας, κάτι που διακαώς επιθυμούσαν να αναβιώσουν οι οραματιστές, Γάλλος παιδαγωγός Baron Pierre de Coubertin και ο Ευπατρίδης Δημήτριος Βικέλας.

Ίσως τώρα με την οργάνωση των Ολυμπιακών Αγώνων από την Πνευματική Γαλλία «Paris 2024» να είναι η καταλληλότερη χρονική συγκυρία, να τιμήσουμε τις επετείους των Συμβόλων του Ολυμπισμού, τα 128 χρόνια Ολυμπιακού ύμνου και τα 88 χρόνια Λαμπαδηδρομίας, καθώς και τους οραματιστές και πρωτεργάτες της αναβίωσής τους Coubertin –Vikelas -Palamas.

**Subject: Support for the promotion of the "Olympic Anthem" as Word Cultural Heritage by UNESCO**

Dear Dr. Mallias,

The boldness, the aesthetic Beauty and the awareness of debt to Achievement and Excellence in the context of "Noble Rivalry" and "Compete always with honorable manner" are key components of the long history of Hellenism since the years of Homer, and for the first time in the history of Mankind the value of Sport and "Excellence" was honored and cultivated through his Epics with "Always strive for excellence and prevail over the others"

The Olympic Anthem is the sacred gift given by our National poet Palamas to Humanity, an invaluable heritage, to highlight these Virtues, so that they become an "experience" for the modern Olympic Games. I would like to congratulate the Association of Fine Arts "Kostis Palamas", as well as all the Panhellenic and International Cultural and Sports organizations for their initiative to support the promotion by UNESCO of the Timeless and Universal Symbol of Olympism, the Olympic Anthem, as a World Cultural Heritage, an act owed by the Civilization of Mankind for the cultivation and formation of the "harmonious in body and spirit" citizens of Plato.

This extraordinary and important noble act, should be strongly supported by Greeks and non-Greeks, lovers of Olympism, Arts and Spirit everywhere in the world, in order to become a moral shield of resistance against the commercialization of the modern Olympic Games and to be praised through them, the Olympic ideals for Peace-Democracy-Freedom-Equality and Brotherhood for all the peoples of the Earth and for the benefit of Humanity, something that the visionaries, French educator Baron Pierre de Coubertin and Greek and first president of the Olympic Games nobleman Dimitris Vikelas eagerly wanted to revive.

Perhaps now, with the organization of the Olympic Games by the Spiritual France "Paris 2024" is the most appropriate time to celebrate the anniversaries of the Symbols of Olympism, the 128 years of the Olympic anthem and the 88 years of the Olympic Torchlight as well as the visionaries and pioneers of their revival Coubertin -Vikelas-Palamas.

ΑΘΗΝΑΝ

WELCOME TO THE CULTURAL EVENT OF THE ACROPOLIS MUSEUM  
FOR THE ESTABLISHMENT AND PROMOTION BY THE UNESCO OF THE  
OLYMPIC ANTHEM OF KOSTIS PALAMAS AS A WORLD CULTURAL HERITAGE

Dear Professor, Theodore Mallias

The daring and creative action and the awareness of debt to Athlos and Amilla are basic components of the long course of Hellenism since the time of Homer. In this corner of the Mediterranean, for the first time in the history of mankind, the explicit rise of the value of Athletism through the poet's epics resounded in the ethers.

It was in this moralizing and poetic atmosphere that the Olympic Games were later established, whose founder from ancient times is rumored to be Hercules, Ideos, with his companions from Crete, the Kourites.

It is pointed out that the representations of the widespread imposition of the Competitive ethos in the Life of the Greeks were also the Competitive performances of tragedies interwoven with "Competition" between of our ancient leading poets. And of course it is not forgotten that those performances they also had an extremely didactic and educational character.

I would like to congratulate the Association of Fine Arts of Patras "Kostis Palamas" and the President professor Mr. Mallias Theodore, as well as the other Associations and Cultural Institutions for their emotional effort to promote the Olympic Anthem of Kostis Palamas as a World Cultural Heritage.

This excellent initiative must be firmly and strongly supported by all Hellenes around the world and bear the expected fruits.

**The Olympic Hymn, a World Cultural Heritage**

Declaration

Honorable President and Professor Mr. Mallias,

On behalf of the Executive Committee International Children's Games Committee, responding to the proposal of our Member in Greece, Nikolaos Tzanakos, I would like to inform you of our decision to warmly support the effort on an international level to unveil to UNESCO the Olympic Hymn, written by the Greek national poet and songwriter Kostis Palamas, as a world cultural heritage.

In this way, we celebrate the sacred gift that Kostis Palamas granted to Humanity-the timeless, prophetic and ecumenical Olympic Hymn.

A priceless heritage, an indelible source of mental and physical perfection which praises Olympism through reviving principles, values and ideals of Peace, Freedom, Democracy, Brotherhood, Equality and "Fair Play".

Through his lyrics we hope to accentuate Olympism and the Olympic ideals, shaped by the cultivation and promotion of the ancient immortal spirit, which the great educator Pierre de Coubertin along with the president of the International Olympic Committee, Dimitrio Vikela, dreamed to revive in the modern Olympic Games. The ancient spirit of the Olympic Games will unite the hearts of people around the ideals of "Olympism", as the values of "Fair Play" and "Noble Competitiveness" become a life principium of the modern Olympic Games and for the youth all around the world.

Please, accept our support for this noble cause and the signing of the declaration above for the promotion of the Olympic Hymn as a world cultural heritage.

Dear Mr. Professor,

we will be supportive of every effort that promotes this sacred purpose.

Our Organisation, I.C.G, constitutes the brightest example of the values and ideals mentioned above, as it deals with the sensitive time-period of Youth, spreading in the same time the spirit of "Fair Play" and "Noble Competitiveness" all around the World.

We would like to wish good luck and success to this beautiful effort and we will stand by you for everything you might need.
